**Fly in 4 Agreement**

I am committed to graduating from Temple University in four years.¹ To achieve this goal, I agree to do the following:

1. Review, accept and submit this *Fly in 4 Agreement* by the last day of the add/drop period in my first semester at Temple.
2. Consult with an academic advisor at least once during each semester to review my academic plan and progress toward degree.
3. Register for classes during the priority registration period for each upcoming semester and select courses consistent with my academic plan.
4. Notify an academic advisor, no later than the first day of the semester in which the course is needed, if a course on my academic plan is not available.
5. Advance annually in class standing by completing at least 30 credits per year and as required by my academic plan.
6. Have a graduation review in my school or college prior to the start of my senior year to verify that I am on track to graduate on time.

Temple University will:

1. Provide a four-year academic plan for my primary major.
2. Provide access to academic advising each semester.
3. Provide degree audit reports outlining program requirements and academic progress.
4. Where appropriate, provide acceptable course alternatives or substitutions when I notify an academic advisor of the unavailability of a required course.
5. Conduct a graduation review to verify my progress towards my degree and eligibility for graduation.
6. Inform me if I do not satisfy a Fly in 4 requirement and provide advising regarding my academic progress.

If I meet all obligations of this *Fly in 4 Agreement* and still cannot graduate in four years due to the unavailability of necessary courses for my primary major, Temple University will provide me with the opportunity to complete the course(s) required for my degree free of any tuition and comprehensive fee charges.

¹ If I am in a program designated to take longer than four years to complete, I am committing to graduate in the prescribed amount of time according to my academic plan.
