

AVERAGE TRANSFER STUDENT ADMITTED STUDENT PROFILE

Applicants who wish to be *considered* for transfer admission must have maintained at least a 2.50 grade point average in 15 or more college-level credits completed after high school at an accredited two- or four-year institution of higher education. However, this does not guarantee admission. The average GPA for entering transfer students is a 3.00+. Temple requires the same high school units for transfer students as it does for freshmen.
